# Seconds/minutes/hours/days

6 practice questions

**1.** How many seconds are in 1 minute?

Use $1 \text{ minute} = 60 \text{ seconds}$.

**Answer:** 60 seconds

**2.** How many minutes are in 2 hours?

$60 + 60 = 120$.

**Answer:** 120 minutes

**3.** How many hours are in 1 day?

A whole day has 24 hours.

**Answer:** 24 hours

**4.** Choose seconds or days for measuring a four-week school holiday.

A holiday lasts many whole days.

**Answer:** Days

**5.** Change 1 hour 15 minutes into minutes.

$60 + 15 = 75$.

**Answer:** 75 minutes

**6.** Mia says 90 seconds is longer than 2 minutes. Is she right? Explain.

Compare both times in seconds.

120 is greater than 90.

**Answer:** No. Two minutes is 120 seconds, so 90 seconds is shorter.
